Air Raid Precautions - Blast Furnaces and coke ovens.

My Dear Kesavaiengar

The Political Department have received certain special instructions for the protecting against air attacks of blast furnaces and coke ovens and they desire to know urgently and very confidentially, the number of such furnaces and coke ovens in Indian States. I am accordingly desired to request you kindly to furnish at a very early date this information in respect of the Mysore State together with the name of the factory or works concerned. On receipt of the information the Political Department will take action to prepare and distribute through this Residency the necessary number of copies of instructions.

2. The Political Department state that the intention is that these protective measures should be undertaken without any publicity and in such a manner that they attract the minimum of attention.

Yours sincerely

Rajasevaprasakta
Mr.B.T.Kesavaiengar, B.A.,
Chief Secretary to the Government of

SIR,

I am directed to refer to your letter No.Pol.1001/War, dated the 10th January 1941, and to forward a copy each of the descriptive notes of measures designed to obscure the glare of blast furnaces and coke ovens in the United Kingdom, with the 24 sketches referred to therein. A copy of certain supplementary notes prepared by the British Iron and Steel Federation on anti-glare precautions at iron and steel works, is also enclosed. I am to request that, if there is no objection, the notes may kindly be supplied to the Iron and Steel Works, Bhadravati.

2. I am to suggest that the Government of Mysore will be so good as to make, in consultation with the management of the Iron and Steel Works, such arrangements as are practicable, in the light of the notes, for anti-glare precautions and for restricted operation, etc. at night during the period of air raid warning, if the situation justifies it.

3. I am also to request that the receipt of these notes and sketches may kindly be acknowledged and that they may be treated as confidential.
